

Award in Risk Assessment Principles and Practice - City & Guilds

Course Aim

This course is designed to develop a thorough understanding of responsibilities and accountability for health, safety and welfare. It outlines the benefits of good health and safety management and the requirements for conducting suitable and sufficient risk assessments.

Who Should Attend?

This qualification is aimed at anyone with a responsibility for conducting Risk Assessments, such as:

- Team Leaders, Supervisors, Site Managers and Managers
- Quality Controllers
- Technicians
- Engineers
- Health & Safety Specialists
- Personnel contributing to the Risk Assessment process

Certification

On successful completion of the course, delegates are issued with a certificate accredited by City & Guilds valid for three years. They then need to undertake a further course to obtain another three-year certificate.
